

ASHIKUR RAHMAN KAYUM

Flutter Developer

kfkayum@gmail.com | +880 1781 795948 | Faridpur, Bangladesh (Open to Remote / Relocation)
github.com/kfkayum | [Portfolio](#)

PROFILE

Flutter Developer with 4+ years of professional experience and over 25 applications shipped to the Google Play Store and Apple App Store, currently working in a senior, self-directed capacity. Comfortable owning individual products end-to-end — architecture, UI/UX, development, testing, and store publishing — across HRM, fintech, e-commerce, POS, SaaS, community, and Islamic lifestyle domains. Solid working expertise in Dart, Firebase, RESTful API integration, and scalable state management (GetX, BLoC, Provider). Experienced operating independently in remote, cross-functional Agile teams, with some experience mentoring junior developers.

KEY HIGHLIGHTS

- 25+ mobile applications designed, built, and published across Google Play Store and Apple App Store
- 4+ years of dedicated professional Flutter development experience; 5+ years total in mobile app development
- 4 commercial products launched and actively maintained on Envato CodeCanyon, including buyer support and update cycles
- End-to-end ownership experience: architecture design through to app store submission and post-launch support

CORE COMPETENCIES

Languages	Dart, C
Framework	Flutter
Architecture	MVC, MVVM, GetX CLI
State Management	GetX, BLoC, Provider
Databases	Firebase (Firestore / Realtime DB), MySQL, SQLite (sqflite), Hive
APIs & Integrations	RESTful APIs, Push Notifications, Multiple Payment Gateways, Google Maps, Third-party APIs
Publishing	Google Play Console, Apple App Store Connect
Tools	Git, VS Code, Android Studio
Operating Systems	macOS, Linux
Practices	Object-Oriented & Functional Programming, Agile Development, Technical Documentation, Team Mentoring, Remote Collaboration

PROFESSIONAL EXPERIENCE

Senior Flutter Developer | Theme (CodeCanyon-based software company)Mar 2025 – Present

- Hold sole responsibility for all Flutter projects end-to-end, covering architecture, UI/UX design, development, testing, and deployment
- Design and build high-quality Flutter app templates and full-scale products published on Envato CodeCanyon
- Independently manage Google Play Store and Apple App Store submissions, releases, and version updates for all products
- Provide ongoing buyer support, technical documentation, and continuous feature updates for all published items

Flutter Developer | Creative Distribution UK Ltd. (Remote)Jan 2022 – Mar 2025

Gillian House, Stephenson Street, London E16 4SA, United Kingdom • 3 years 2 months

- Designed, built, and maintained high-quality Flutter applications for both iOS and Android platforms
- Wrote clean, maintainable, well-documented Dart code in line with industry best practices
- Owned features across the full development lifecycle, from requirements gathering and architecture through to deployment

- Identified, diagnosed, and resolved bugs across live production applications, improving stability and user experience
- Researched and evaluated emerging tools and technologies to continuously strengthen the team's product stack
- Collaborated cross-functionally within an Agile, remote-first engineering team

Project Coordinator | Dotcom System Ltd. *Jul 2020 – Dec 2021*

Uttara Road, Karwan Bazar, Dhaka, Bangladesh • 1 year 6 months

- Managed and maintained the organisation's Flutter mobile app development training programme
- Created structured technical documentation, lesson plans, and progress reports for course delivery
- Mentored and supported trainees through hands-on Flutter instruction and supplementary backup classes
- Delivered technical support and troubleshooting assistance to trainees and staff
- Partnered with instructors and management to ensure smooth, consistent course delivery

SELECTED PROJECTS

WorkZen — HRM & Payroll Management System with Mobile App

A modern HRM platform replacing spreadsheet-based workflows, streamlining people management and daily operations for growing teams.

Tech Stack: Flutter, Dart, Firebase, Fingerprint Authentication, Push Notifications, REST API, Multiple Payment Gateways

[View on CodeCanyon](#)

InvoiceX — Billing & Invoice Management System

A full-featured invoicing application enabling businesses to generate, track, and manage invoices and payments with multi-gateway support.

Tech Stack: Flutter, Dart, Firebase, ML Features, Push Notifications, REST API, Multiple Payment Gateways

[View on CodeCanyon](#)

Tribu — Club Management App (Web, Android & iOS)

A club and committee management platform for membership-based organizations, covering member and role management, QR-code meeting attendance, news and awards, and a full admin dashboard with reporting.

Tech Stack: Flutter, Role-Based Access Control, QR Code Attendance, PayPal Payment Integration, Push Notifications, REST API

[View on CodeCanyon](#)

Dutch Flow — Tutorial & Fitness Training App (Android & iOS)

A tutorial and fitness training platform delivering structured video courses, with live video streaming, in-app purchases, and course purchase functionality.

Tech Stack: Flutter, Dart, Video Streaming, In-App Purchases, Course Purchase Flow, REST API

[View on Google Play](#) | [View on App Store](#)

UK Passport Photo App

A photo-editing application enabling users to create compliant UK passport photographs, with integrated print and payment facilities.

Tech Stack: Flutter, Dart, Push Notifications, Payment Gateways, Printer Integration

[View on Google Play](#)

Troubleshoot — Buyer & Seller Marketplace Apps

A dual-app marketplace connecting clients requesting IT services with providers, supporting listings, orders, real-time chat, and live payment updates.

Tech Stack: Flutter, Firebase, REST API, Real-time Updates

[View on Google Play](#)

Additional Project Experience: Beyond the projects above, has designed and delivered multiple e-commerce applications, POS (point-of-sale) systems, SaaS platforms, community-based apps, and several Islamic lifestyle applications (prayer times, Quran, Hadith, and related features) as part of the 25+ published app portfolio.

EDUCATION

Diploma in Engineering

Faridpur Polytechnic Institute, Faridpur, Bangladesh • Completed 2018

B.Sc. in Computer Science & Engineering

Dhaka International University (DIU), Dhaka, Bangladesh • 2019 – Present

LANGUAGES

Bengali — Native | English — Professional Working Proficiency
